4pm : Depart JNMC for hotel

## **Day 2: March 7**

**9 am – 5.15 pm**

### **Hotel Altair**

8-9 am : Registration

9-9.10 : Introductory remarks + Intro of faculty

#### **HAND MODULE 1: Soft tissue**

##### **9.10-9.50: Zone 2 flexor tendon injury**

Presentation, exam and investigation

Surgical management

Post-operative rehabilitation

Expert comments and Q and A

##### **9.50-10.20: Jersey finger + Mallet finger**

Presentation, exam and investigation

Surgical management

Post-operative rehabilitation

Expert comments and Q and A

##### **10.20-10.50: Panel discussion 1: Complications of flexor tendon repair / mallet finger – rupture, adhesion, tenolysis, two-stage reconstruction– 2-3 cases**

##### **10.50-11.10: Opening ceremony**

##### **11.10-11.30 : Coffee Break**

#### **HAND MODULE 2: Bony/ Joint**

##### **11.30-12.10: P1 and P2 fxs and PIP fx-dislocation**

Presentation, exam and investigation

Surgical management

Post-operative rehabilitation

Expert comments and Q and A : particular attention to technique for Hemi hamate

##### **12.10-12.40: Metacarpal fxs, thumb base fxs**

Presentation, exam and investigation

Surgical management

Post-operative rehabilitation

Expert comments and Q and A

##### **12.40-1.10: Small Group Discussion 1 : MC fxs / P1 / P2 fxs / PIP fx-dislocation**

**1.10-1.30: Lunch (bring lunch to hall)**  
**1.30-2.10: Presentation of free papers**  
**8 papers**  
**4 mins each**

### **WRIST MODULE 1 : Soft tissue**

**2.10-2.50: Carpal tunnel syndrome**  
Presentation, exam and investigation  
Surgical management  
Post-operative rehabilitation  
Expert comments and Q and A

**2.50-3.30: Non-traumatic tendon injuries about the wrist**  
Presentation, exam and investigation – focus on tendon injuries after DRFX and Vaughan-Jackson  
Surgical management of Vaughan-Jackson  
Surgical management of tendon injuries after DRFX  
Post-operative rehabilitation  
Expert comments and Q and A focus on tendon transfer principles, tension setting and rehab

**3.30-3.45: Coffee break Uma Surgical product demo**

### **WRIST MODULE 2 : Bone**

**3.45-4.15: Acute scaphoid fxs**  
Presentation, exam and investigation  
Surgical management  
Post-operative rehabilitation  
Expert comments and Q and A

**4.15-4.45: Scaphoid non-union**  
Presentation, exam and investigation  
Surgical management  
Post-operative rehabilitation  
Expert comments and Q and A

**4.45-5.15: Panel Discussion 3 : scaphoid fxs / nonunion / SNAC wrist**

530-7 pm : Synbone + DRFX demo by Miraclus

730-10 pm: Dinner at Hotel Altair

## **Day 3 : March 8**

**8.00- 8.10**

Recap of day 2

### **Forearm/ Paediatric elbow module 1**

**8.10-9.00: Fractures of the distal radius**

Presentation, exam and investigation

Surgical management

Post-operative rehabilitation

Expert comments and Q and A

**9.00-9.30: Paediatric elbow fxs : Focus on Supracondylar fxs and radial head fxs**

Presentation, exam and investigation

Surgical management include pink pulseless hand

Post-operative rehabilitation

Expert comments and Q and A

**9.30-10.00: Small group discussion 2 : Distal radius / distal ulna / SC fxs**

**10.00-10.15: Coffee break**

**10.15-11.00: Kudav-Mudgal Oration and announcement of 1<sup>st</sup> and 2<sup>nd</sup> best papers**

### **FOREARM / ELBOW MODULE 2:**

**11.00-11.40: Cubital tunnel syndrome**

Presentation, exam and investigation

Surgical management

Post-operative rehabilitation

Expert comments and Q and A

**11.40-12.20: Humeral shaft fxs with radial nerve palsy**

Presentation, exam and investigation

Surgical management

Post-operative rehabilitation

Expert comments and Q and A

**12.20-12.50: Panel discussion 4: cubital tunnel / radial nerve**

**12.50-1.00 pm**

Recap of day 2 and closing remarks

**1.00 pm** Lunch and adjourn
